

## VERTIKALNA PRESA / VERTICAL PRESS "MAXICO 10-M"

### TEHNIČKE KARAKTERISTIKE TECHNICAL CHARACTERISTICS:

- Dimenzije prese / Press dimensions: 1500 x 850 x 2700mm
- Sila presovanja / Pressing force: 10t
- Težina bale / Bale weight: do 70kg / up to 70kg
- Dimenzije bale / Bale dimension: 800 x 600 x 700mm
- Vezivanja bale / Binding: tri poprečna vezivanja / three transverse bindings
- Hod klipa / Stroke: 900mm
- Snaga motora / Engine power: 4kw
- Težina mašine / Press weight: 780kg
- Komande / Commands: električne / electrical
- Nivo buke / Noise level: ≤72db

Vertikalne prese Maxico 10-M namenjene su baliranju sekundarnih sirovina: papira, kartona, folija, PET ambalaže I limenki. Konstrukcija prese omogućava jednostavno korišćenje i ne zahteva veliki manipulativni prostor.

Vertical press Maxico 10-M is intended for baling recyclable materials: paper, cardboard, foil, PET and cans. The press construction is easy for use and does not require a large manipulative area.
