

VERTIKALNA PRESA / VERTICAL PRESS "MAXICO 10"

TEHNIČKE KARAKTERISTIKE TECHNICAL CHARACTERISTICS:

- Dimenzije prese / Press dimensions:
1500 x 800 x 2500mm
- Sila presovanja / Pressing force:
10t
- Težina bale / Bale weight:
do 70kg / up to 70kg
- Dimenzije bale / Bale dimension:
800 x 600 x 700mm
- Vezivanja bale / Binding:
tri poprečna vezivanja / three
transverse bindings
- Hod klipa / Stroke:
900mm
- Snaga motora / Engine power:
4kw
- Težina mašine / Press weight:
750kg
- Komande / Commands:
električne / electrical
- Nivo buke / Noise level:
≤72db

Vertikalne prese Maxico 10 namenjene su baliranju sekundarnih sirovina: papira, kartona, folija, PET ambalaže i limenki. Konstrukcija prese omogućava jednostavno korišćenje i ne zahteva veliki manipulativni prostor.

Vertical press Maxico 10 is intended for baling recyclable materials: paper, cardboard, foil, PET and cans. The press construction is easy for use and does not require a large manipulative area.
